

Assam Bio Refinery Private Limited

1.0 Assam Bio Refinery Private Limited (ABRPL), a joint venture Company of Numaligarh Refinery Limited (NRL), Fortum and Chempolis Oy, from Finland is coming up with a Bio Refinery where Ethanol will be produced along with other platform chemicals like Acetic Acid, Furfural alcohol and Bio coal. This will be first Bio Refinery in the country where Bamboo will be used as a feed stock, abundantly available in North East. Assam Bio Refinery Private Limited is located adjacent to Numaligarh Refinery Limited, Dist. Golaghat, Assam and its registered office at G.S.Road, Guwahati, Assam.

2.0 Assam Bio Refinery Limited intends to fill up the position for Numaligarh Location as per the details below for ongoing project activities :

Sl. No	Post	No of post	Education Qualification	Job requirement	Experience	Engagement type	Max CTC (upto) (Rs)
1	Engineering Assistant-Chemical	5	Full time regular three years Diploma in chemical/BSc with major in chemistry with min 60% marks from a recognized University/ institute with good academic background	<p>1. Responsible for optimal unit operation, safety of plant, equipment and people working under him .He will take advise from shift In-Charge in optimising plant parameters</p> <p>2.Responsible for maintaining healthy discipline and enforcing safe operating practices.</p> <p>3.To take critical decisions related to plant operation based on feedback received from field, own observations and taking advice from Shift In-Charge.</p> <p>4. Recording of important parameter and events in the logbooks with records of attendance of people</p> <p>5. In consultation with Shift In-Charge , to decide maintenance need of unit instruments ,equipment and take appropriate action for rectification, if required in coordination with other Functions.</p>	Minimum 3 yrs of post qualification experience in relevant field. Experience in Refinery /petrochemical/ Fertilizer/pulp and paper industries/Distilleries with DCS operation will be preferred Commissioning experience is preferable	Regular	4.1 L
2	Engineering Assistant-Electrical	4	Full time regular three years Diploma in Electrical from a recognized University/ institute with good academic background	<p>1.To study and understand the electrical generation and distribution network/its sub system/electrical protection system and involve in testing and commissioning of the system . Must have fair idea about all the equipment in an electrical system like Generator, DG set, Motor and Starter, Transformer, Switchgear, CT/PT, Protection relays, Battery and Charger, UPS, VFD, Cable, Meters, Earth-pit and earthing including Circuit drawings, Electrical safety etc.</p> <p>2.Responsible for smooth operation of the electrical system to maintain uninterrupted power supply to the plant.</p> <p>3.Responsible for maintaining healthy discipline and enforcing safe operating practices.</p>	Minimum 3 yrs of post qualification experience in relevant field. Experience in Refinery /petrochemical/ Fertilizer/pulp and paper industries/Distilleries will be preferred	Regular	4.1 L

				<p>4. Capable of taking critical and judicious decision during emergency situation in the plant in co-ordination with the operation dept.</p> <p>5. To take responsibility of the preventive and predictive maintenance of the various equipment of the electrical system and keep proper record of the same for future reference.</p> <p>6. Recording of important parameter and events in the logbooks with records of attendance of people.</p>			
3	Engineering Assistant-Mechanical	4	Full time regular three years Diploma in Mechanical from a recognized University/ institute with good academic background	<p>1. Responsible for monitoring progress of various mechanical jobs at the plant site including fabrication erection of structures, piping, vessels and tanks etc. and rotary equipment.</p> <p>2. Monitoring of Hydrotest of pipe loops/vessels/tanks etc. as per norms.</p> <p>3. Assist in commissioning all static and rotary equipment as per guideline from the manufacturer.</p> <p>4. Responsible for maintaining healthy discipline and enforcing safe operating practices during operation phase.</p> <p>5. To take responsibility of the preventive and predictive maintenance of the various equipment and keep proper record of the same. To decide and ensure availability of inventory of various mechanical items</p> <p>6. Recording of important parameter and events in the logbooks.</p> <p>7. Maintain safe working environment in the plant.</p> <p>8. Capable of taking critical decision during operation phase in consultation with other functions.</p>	Minimum 3 yrs of post qualification experience in relevant field. Experience in Refinery /petrochemical/ Fertilizer/pulp and paper industries/Distilleries will be preferred	Regular	4.1 L
4	Engineering Assistant-Instrumentation	3	Full time regular three years Diploma in Instrumentation from a recognized University/ institute with good academic background	<p>1. Responsible for monitoring progress of various instrumentation jobs going on at the project site as well as in the control room like laying of cable duct/ trays/cables/JBs /impulse /airline etc. Implementation all safety norms and procedures while carrying out the jobs by contractors.</p> <p>2. Should have fair working knowledge, installation & commissioning maintenance of pressure, temperature flow and level measurements, Shutdown Valves, On/ Off valves, PCV & FCV, DCS, PLC & ESD</p>	Minimum 3 yrs of post qualification experience in relevant field. Experience in Refinery /petrochemical/ Fertilizer/pulp and paper industries/Distilleries will be preferred	Regular	4.1 L

				<p>Systems Fire and Gas Monitoring systems. etc,</p> <p>3 Responsible for maintaining proper functioning of all instruments in the field to ensure safe operation of plant.</p> <p>4. .Responsible for maintaining healthy discipline and enforcing safe operating practices. Recording of important parameter and events in the logbooks.</p> <p>4.To take responsibility of the preventive and predictive maintenance of the various instruments in the field and keep proper record of the same. Also to decide and ensure inventory of various parts of field instruments.</p>			
5	Jr Technical Assistant/ Technical Assistant	6	Class 10 from Government Recognized Education Board and Trade certificate (NCVT/SCVT) in Fitter /Electrician/ Instrument Mechanic with min 60% marks from Government Recognized Institute.	Responsible for operation activities of plant at site/Field, assisting engineering assistants, assisting maintenance activities, electrical activities for smooth operation of the plant.	Minimum 2 years of experience in relevant field preferred.	Regular	3.4 L
					Apprenticeship training in oil/gas/petrochemicals/refineries sector preferred.		
					Age Limit- maximum upto 30 years as on 1st December 2023		

*****Number of vacancies may be increased/decreased/cancelled at discretion of the Assam Bio Refinery Pvt. Ltd.

3.0 The post shall be of regular in nature, however other terms and conditions of engagement shall be as per the Company's policy to be provided at the time of signing of the agreement.

4.0 Submission of Bio Data :

Interested candidates are requested to apply through online mode in www.abrpl.co.in

No other mode of application will be entertained

Last date for submission of the Bio Data is **27th December 2023**

5.0 Interview .:

Shortlisted candidates meeting the above criteria will be intimated regarding venue, date and time of interview over e-mail. Candidates must bring original Mark sheets, Certificates (including Experience Certificates) and self-attested photocopies of the same and 2 passport size recent photographs along with the filled up Bio Data as submitted, on the date of interview.

Online interview may also be conducted for the eligible candidate depending upon the situation.

6.0 Leave and other benefits are as per the Company's rule.

7.0 General Conditions:

- No TA/DA will be paid to the candidates for appearing in the interview
- The candidate should be of sound health and have to provide a fitness certificate from a Govt. registered medical practitioner at the time of joining as per the prescribed format.
- Accommodation at work location has to be arranged by the candidates himself / herself.
- Candidature is liable to be rejected at any stage of recruitment / selection process without notice or if joined, services are liable to be terminated, if ABRPL comes across any evidence / knowledge that the qualification / experience and any other particulars indicated in the application / personal resumes / other forms / formats are not recognized / false / misleading and /or amounts to suppression of information / particulars.
- Wherever CGPA/ SGPA or letter grade is awarded; equivalent percentage of marks should be indicated in the online application form as per norms adopted by the University/Institute. Candidates would be required to produce CGPA to Percentage conversion formula of their Institute/University at the time of document verification.
- The selected candidate, depending upon the requirement, may have to travel to other places/spheres of the Company for work and expenses will be borne by the Company as per the Company's rule.
